EXPERIENCE

WRITER | FREELANCE

Since Jun 2023

Provides unrestricted public access to educational materials. As a freelance academic writer, I specialize in writing about topics related to mathematics, logic, philosophy, and computer science. My aim is to make complex concepts accessible and engaging for readers from diverse backgrounds.

PROJECTS

MYNOTE EDITOR

May 2023

An HTML editor that is capable of rendering MathJax in real time. MathJax is a JavaScript library that displays mathematical notation in browsers, using \LaTeX , MathML, or AsciiMath notation. As users input their equations or other MathJax-supported notation, they can see the rendered output immediately.

MYNOTE

Since Jun 2023

This website functions as a platform for me to organize study notes. Moreover, it offers unrestricted public access to educational resources. Currently, this is in the process of being constructed and developed.
